“The Academy is the common meeting ground of the scientific activities of the State.”

About the Academy

The Ohio Academy of Science is a nonprofit membership organization founded in 1891 to stimulate interest in the sciences, to promote research, to improve instruction in the sciences, to disseminate scientific knowledge and to recognize high achievements in attaining these objectives. Anyone interested in science may join. Recognized as the common meeting ground of the scientific activities of the State, the Academy publishes *The Ohio Journal of Science*, promotes youth science opportunities through the Ohio Junior Academy of Science, and conducts an annual meeting with presentations in nearly 20 fields of science.
